OUR MISSION

KFAM’s mission is to empower underserved Korean American and Asian Pacific Islander families through culturally responsive programs.

ABOUT KFAM

KFAM was founded in 1983 by Korean immigrant women inspired by the vision of Dr. Tae Young Lee, Korea’s first female attorney and an early advocate of the rights of women and children, particularly domestic violence victims. KFAM has since grown into the community’s primary family resource center and gateway to specialized services that support the health, safety, and well-being of Korean immigrant families. KFAM serves nearly 7,000 children and adults each year with quality, holistic programs that respond directly to the challenges among Korean American families undergoing trauma or acculturation stress.

CORE PRIORITIES
