

As the summer heat begins to fade, August brings a sense of excitement as we look ahead to a new school year. It has been a vibrant and meaningful summer for our community, filled with many memorable moments. This month, we're delighted to share some of those special highlights and stories with you.

SAPC

RISE KOHYANG HIGH SCHOOL OUTREACH

SAPC visited Rise Kohyang High School to share an overview of the agency's programs with parents and teachers. The team covered Mental Health, GBV, Affiliated Services, and Substance Abuse Prevention and Control (SAPC). The visit helped connect the community with KFAM's resources.

♥ COMMUNITY EVENTS

SUMMER SCIENCE CAMP

40 students spent a week at the California Science Center, taking part in hands-on science experiments and activities. Special thanks to the California Science Center for welcoming us back for another exciting summer science camp.

THANK YOU!

This year, Supervisor Holly J. Mitchell once again sponsored the camp bus, helping ensure that everyone could travel safely to camp each day, ready for adventure and discovery!

SUMMER CROCHET WORKSHOPS

Throughout the summer, our crochet classes brought together both beginners and experienced crafters, online and in person. Participants learned new stitches, worked on individual projects, and enjoyed relaxed, creative time together.

GENDER-BASED VIOLENCE

KOREAN WOMEN'S LEADERSHIP GROUP "온(溫/On)"

From February through August, GBV ran "ON," a six-month leadership program with nine Korean women. The group met monthly to check in and discuss gender-based violence through books and TV series. The program wrapped up with its final gathering on August 10.

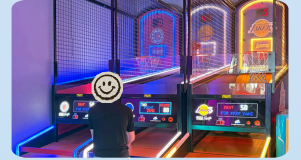

AFFI

YOUTH EVENT AT ULTRAZONE

AFFI and SAPC came together for a fun youth event at Ultrazone, where teens built teamwork skills through laser tag, enjoyed arcade games, and connected with peers over lunch.

CELEBRATING A NEW BEGINNING

We're proud to celebrate one of our foster youth as she begins her college journey and takes an exciting step toward her future. Her perseverance, growth, and determination have brought her to this meaningful milestone, and we're excited to cheer her on as she begins this new chapter.

Dear KFAM,

Thank you guys so much for thinking of me and giving me so many giftcards. These are super helpful for college. Thank you guys for asking Rachel and Wayne about fostering me, they're very nice and I feel very lucky that I had them as my foster parents. Without you guys, that wouldn't have happened, so, thank you all once again!

We are deeply grateful to our Gala sponsors for their generous support and for helping us uplift and strengthen API families and children.
